

*Should rapid growth outward continue?
Or should we consolidate housing and jobs
where infrastructure already exists?*

*Should we emphasize roads or transit —
or invest in both?*

*How can we reduce energy use while also
strengthening our region's economy?*

To accommodate **2.8 million new residents** expected by 2040, our region has some urgent decisions to make in the very near future.

*Have Your Say! Invent the Future
at a **GO TO 2040** workshop!*

Chicago Metropolitan
Agency for Planning

Invent the Future *with* **GO TO 2040**

We can't solve everything at once, so it's all about trade-offs. The Chicago Metropolitan Agency for Planning (CMAP) has begun a new **"Invent the Future"** public-input phase of the **GO TO 2040** comprehensive regional planning process. You are invited to attend one of 50 scenario workshops that CMAP is holding with partners across the seven counties. With interactive software and keypad polling, attendees will express preferences about real-world choices that will shape the **GO TO 2040** plan – and the future of our region.

Pre-registration is appreciated, but not required. To register for this workshop, for special accommodations, or for more information about the **GO TO 2040 Invent the Future** workshops or CMAP, please contact Joey-Lin Silberhorn at 312-386-8814 or Jsilberhorn@cmap.illinois.gov.

You can also *have your say* at www.GOTO2040.org.
